The first meeting of the new Westerly town council, elected Tuesday, was held Thursday morning, and was called to order by William L. Clarke, president of the former council, all the members of which were re-elected. The full membership was present.

Harry B. Agard was elected town solicitor and the salary was made \$600 a year. Councilman Burdick of the police committee complimented Mr. Agard on the good work done and at small expense to the town.

Councilman Horace E. Burdick and William Culley were the police committee of last year. Mr. Culley positively refused to serve on the police committee. Mr. Burdick said it would give Thomas H. Peabody too much satisfaction for him to retire from the committee and he was willing to serve on that account.

on that account.

Mr. Culley did not think Mr. Burdick should present the case in that way. He was satisfied with the treatment of the people of Westerly, but he found things internal that were unsatisfactory. Mr. Burdick said he understood

Mr. Burdick said he understood what Mr. Cilley meant and that the rest of the council did not understand, and it should be explained perhaps to the council in secret. The committee were satisfied with the support given them by the council.

Mr. Culley positively refused to serve on the committee as he did not propose to act in the liquor matters, and Mr. Burdick fully understands the reasons why he said.

Mr. Burdick declined most conscientiously. Serving on the police committee was up against his friends and made them his enemies, simply because he tried to do his duty.

The appointment of a police committee was up against his friends and made them his enemies, simply because he tried to do his duty.

tee was deferred to the first meeting Sergt. Thomas E. Brown was elected Sergt. Thomas E. Brown was elected deputy chief of police, to act as chief whenever the chief is absent or unable to perform the duties.

The ordinance prohibiting the ringing gongs and bells, by ice cream and other peddlers, was amended, so that the prohibition is in force from 10 p. m. to 8 a. m., only.

Councilman Flynn raised the question as to the right of a Watch Hill property owner to extend a fence out into the water in order to prevent the pub-lic from walking along the beach to the government property at Watch Hill point. The matter was referred Hill point. The matter was referred to the town solicitor with instructions to report at the July meeting.

This brought up a general discussion of the rights of the public at Watch Hill, which will result in an investigation that will determine the rights of the public to the beach.

During the discussion it was revealed that property owners at Watch Hill had assumed authority that was not legal. An instance was cited that there was posted at entrance to a highway to the government reservathere was posted at entrance to a highway to the government reserva-tion, a sign which read, "This is a private way." It was set up that this was misleading and had the effect of keeping the public from the use of a highway that was as public as any street in Westerly. This sign is post-

ed on private property on the border of the highway, and Councilman Flynn suggested placing a sign on public property stating. "This is a public highway, and open to the free use of the public." Reference was made to the granitecheeked owners of property facing East beach, who had the nerve to or-der men, women and children from the beach, under threat of prosecution for beach, under threat of prosecution for trespassing on private property, and of driving family picnic parties from the shade of the immense boulder just north of the government reservation. It was claimed by the councilmen that there were public highways leading to the beach, and in not a single instance was the public barred from the beach below low water mark, though the public had no right to cross public property to reach the beach.

It was further said that some of the property owners at Watch Hill were

roperty owners at Watch Hill were radually convincing themselves that sey not only owned all the land, but all the water adjacent to Watch Hill.

Town Solicitor Agard was instructed to make careful investigation of this important matter and make report as soon as possible.

The Westerly band, under the leadership of Charles O. Gavitt, gave the second public concert of the summer series in Wilcox park, Thursday evening, which was enjoyed by many. The programme follows: March, Deming, Reeves; waltz, The Third Degree, Bendix; overture, Light Cavalry, Suppe; cornet solo, Song of the Roses by Stanley Livingstone; medley of new popular airs, Haviland; selection from Bohemian Girl Balfe; intermezzo, Amo, Ingraham; popular song, selected; Persian Lamb Rag, Wenrich; march, The Middleman, Abel; finale, The Star Spangled Banner.

The Westerly band played a double-header Thursday evening, for, before giving the concert in Wilcox park, the band headed the procession prelimi-nary to the opening of the fair being given by the Church of the Immacu-late Conception. It was Weights of given by the Church of the Immaculate Conception. It was Knights of Columbus night at the fair and the members of Narragansett council, accompanied by the Ancient Order of Hibernians, made a street parade and escorted ex-Gov. George H. Utter from his residence to the fair. The governor made a charming characteristic speech on the constituents of good citizenship and complimented the Catholics of Westerly for their part in good government and the general improvement of citizenship. He referred to the work being accomplished by Father McOscar and the hearty co-operation he received from the parishioners.

Mrs. Harriet Potter, wife of James Potter, a resident of the North Ston-ington road, died Thursday morning after a long illness. She was 74 years of age and is survived by her hus-band and Mrs. B. G. Richmond. Jr., an adopted daughter. She leaves a sister, Mrs. Peter Livingstone of West-erly and six byothers, Samuel. Charles, Peleg William and George Lawton, of Westerly and Dr. Christopher Lawton of London, England.

Local Laconics. Mrs. George Hyde and two daugh-ters of New London are visiting West-

erly relatives. Archibald Miller Reid and Miss Isa-belle Rae were married Thursday eve-ning by Rev. Samuel M. Cathcart. General Charles R. Brayton, the political boss" of Rhode Island, will spend July and August at Watch Hill.

When Chicago is publicly characterized as "the plague spot of the country" in respect to medical education it is time for the medical authorities of Illinois to take notice. It has long been a matter of common knowledge among well informed persons that some of the medical schools of this city are of low grade. The existence of such institutions hurts those which maintain higher standards.

The latest and severest criticism of Chicago medical schools is contained in a report on medical education in the United States, prepared by Abraham Flexner, educator and special investigator of the Carnegie Foundation of that board.—Chicago News.

for the Advancement of Science. The report is said to have the unqualified indorsement of Dr. Henry S. Pritchett, president of the Carnegie Foundation and one of the leading authorities of the country on educational matters.

According to Dr. Fleyner, the state has gone the limit, and hope this, not has gone the limit, and hope this, not has gone the limit, and hope this, not because we want to see a negro champion, but because a white man who will fight with a negro, unless he has to, should bite dirt and bite it deep. We hope, too, though we have little on which to base the hope, that this will be the last great ring encounter. It is a sorry sport, a depraving sport, and the sooner it is under the ban in every state the better for the country.—Richmond (Va.) Times-Dispatch.
